an activity of

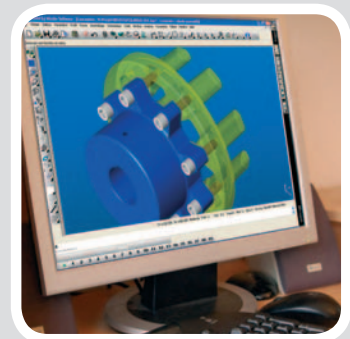

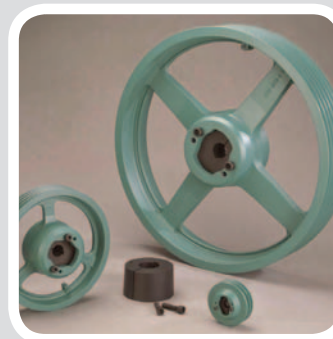

In our Raon l'Étape factory (France), we develop and manufacture a full range of couplings & pulleys able to fulfil the most demanding requirements.

## A complete range and even more

- » **Pulleys:** with removable taper bushes **Magic-Grip-T®** from Ø 100 to Ø 1600
- » **Couplings:** > **PENCOflex – SR-flex® – TEX-O-flex**  
> Hydrodynamic coupling **Hydro-flow**
- » **Gearboxes:** shaft-mounted gear units **FLOTAX®**
- » **Speed Variators:** **vari-phi®**, **Varisit** mechanical speed variation

And if you are even more demanding, **PTP INDUSTRY** will use all its know-how to meet your requirements.

- » **Special pulleys** as per your specifications
- » **Special couplings** adapted or designed to your needs
- » **Design and manufacturing of special parts**
- » **Assembly, static and dynamic balancing, surface protection**
